# If I am undocumented, can I go to college?

# YES!

- ✓ You can go to any college or university in California, if you meet the admissions requirements.
- ✓ You cannot be denied admission based on your immigration status.

## California State Law Assisting Undocumented Students

- AB540, signed into law on October 12, 2001, authorizes undocumented students who meet specific criteria to pay in-state tuition at California's public colleges and universities.

## What is AB-540?

- Any student, except a person in non-immigrant status, who meets the specific **requirements**, shall be exempt from paying nonresident tuition at all public colleges and universities in California.
- AB-540 only provides in-state tuition cost vs out-of state tuition for those who qualify, but **does not** provide any state or federal aid eligibility.

## What does Non-Immigrant mean?

- Students with current nonimmigrant visas are not eligible for this tuition exemption (exp. Tourist (F Visa) or student (B Visa)).
- A student whose visa has expired and are now "out of status," will be eligible for in-state tuition fees if they meet the already stated requirements.
- Students categorized as AB 540 will not be classified as California residents.
- A student with "any" legal status is not considered undocumented.

## AB540: The Facts

- AB540 does not apply to private colleges or universities, unless they decide to abide by the set requirements.
- AB540 does not grant legal residency to qualifying students.

- AB540 does not grant state or federal financial aid eligibility.
- AB540 only provides an exemption to the requirements of paying nonresident tuition

## **Cost of Attendance in California Colleges and Universities:**

### California Community College

**In-state: \$26 \$20/ unit      Out-of-state: \$170 \$181/ unit**

### Private

**In and out-of-state: \$\$\$**

\*Footnote: All will be more expensive with housing.

## **What are the requirements?**

- Student must have attended a high school in California for three years or more.
- Student must have graduated from a California High School or attained the equivalent of a high school diploma (i.e. Passed the GED or CA High School Proficiency Exam).
- Student must register or be currently enrolled in one of the three state institutions of higher learning (UC, CSU, Community Colleges).
- Student without Immigration status must file an affidavit with the public college or university stating that he or she has applied to legalize his or her legal status or will do so as soon as he or she is eligible to do so. (Some private schools may also require this, not enforced)
- All information provide by the student will be kept confidential by the college or university.

## **What about the AB 540 Affidavit?**

- The affidavit is required by law by the public college where the students will be attending.
- The affidavit states that the student will adjust their status, as soon as they are eligible to do so.
- Students are not required to submit a new affidavit when there is continuous enrollment.
- The information on the affidavit is kept confidential, as required by law. BCIS (INS) has no access to student's information

## **If I am undocumented, can I apply for financial aid?**

- As an undocumented student, you do not qualify for state or federal financial aid.

(If you are in the process of obtaining residency you may already be eligible for aid, but check with your attorney about details)

## HOW CAN I PAY FOR COLLEGE?

- Use creative ways to fundraise (i.e. raffles, donations, etc!)
- Apply for scholarships that do not require U.S. citizenship or residency.
- Evaluate your personal situation and make decisions based on your needs.
- Use technology to your advantage.....myspace/facebook ask for donations.

### **Financial Aid**

- If a student filed an application with INS and is in the process of obtaining residency, he/she may be eligible for resident fee status and also to receive state financial aid. Please speak to you attorney.
- AB 540 does not provide financial aid to undocumented students. Speak to your counselor about scholarships and private grants.
- **Utilizing any public benefits while undocumented can be deemed grounds for automatic deportation the day you are able to fix your Immigration status (i.e. making up a SS# to access grants; it's considered a federal crime! Don't do it!)**
- **A TIN # (Tax Identification Number) is not a Social Security Number. Should never be used for college admission.**

### **Types of Financial Aid**

- Grants & Scholarships (don't need to pay back)
- Work-study (job opportunity to earn money)...open to those who qualify for federal aid.
- Loans (money borrowed that *must* be repaid)
- Undocumented can borrow money but will need legal co-signers with credit for it. May want to shop around and ask questions first.

### **Scholarship Tips for Undocumented/AB540 Students**

- ✓ Scholarship providers have their own eligibility requirements. Make sure to obtain current information by contacting each provider directly.
- ✓ Scholarship funds are limited and many are only offered on a one-time basis. Must continue applying as time goes on.

- ✓ Network! Get to know current AB 540 student groups in high schools, community supporters, and college organizations or groups. Get connected!!!
- ✓ Don't be afraid to ask questions!
- ✓ Do research!
- ✓ Help others and spread knowledge.

## **FINDING THE \$\$\$\$ FOR COLLEGE!!!**

### **IF YOU HAVE NO SOCIAL SECURITY NUMBER, HERE ARE SOME THINGS YOU CAN DO TO FIND MONEY FOR COLLEGE**

- Find out if it's possible for you to get a Social Security number. The nearest office is Suite 200, 2121 Broadway, Redwood City 94063. The phone number is 1-800-772-1213. Office hours are Monday through Friday from 9:00 a.m. to 4:30 p.m. You may also contact your consulate for assistance.
- Familiarize yourself with AB-540 or your local state laws.
- Consider private schools...they are more likely to offer money to good students.
- Decide where you're going to college; talk with our contacts at that college (this is why you should always collect business cards! Follow through.
- Ask counselors at fairs about other schools or contacts.
- Check the scholarship list for any scholarships that don't require legal residency or citizenship. You can also attempt some scholarships that require SS # making your status very clear to the committee, you may be surprised with the outcome.
- Do a search on [www.fastweb.com](http://www.fastweb.com) or [www.latinocollegedollars.org](http://www.latinocollegedollars.org) for scholarships that don't require legal residency or citizenship.
- Get to know your high school counselor early! Let them know how they can help you. Visit them often and collect all scholarships available to you.
- Think about individuals you might ask to sponsor or support you in college. There might include relatives, friends, neighbors, or the employers of your parents. If you want help writing a formal letter requesting help, ask. Writing skills will become indispensable! Hence...AP, IB, Honors English.
- Consider ways you might earn money that do not require a Social Security Number (for example, tutoring, yard work, babysitting, etc.)
- If you have the possibility, live at home, it will save you housing costs!

## **What is the process of applying for college for undocumented students?**

- Talk to your college counselor as early as possible to receive all the information you need about planning for college including college applications, entrance exams, fee waivers, cost of attendance, and available resources for undocumented students.
- Talk to AB540 College students to get advice about applying to and attending college.
- Research scholarships and other ways to pay for college.
- Know that you have a right to higher education and it is going to take much work and dedication on your part. You can do it!
- Be open-minded and realistic with yourself. Life can take many turns, the point is to get there. If one door is closed, you need to open two!

## **California Four Systems of Higher Education**

- Community Colleges...least expensive!
- California State University...can vary
- University of California...can vary
- Private Colleges & Universities...can vary

\*All will be more expensive with housing.

**Each system has its own requirements, such as**

- A-G requirements

## **EDUCATE YOURSELF: CURRENT LAWS/ISSUES AFFECTING UNDOCUMENTED STUDENTS**

### **AB-540**

Any student, except a person in non-immigrant status, who meets the specific **requirements**, shall be exempt from paying nonresident tuition at all public colleges and universities in California.

AB-540 only provides an exemption to the requirement to pay nonresident tuition, but **does not** provide any state or federal aid eligibility. (Please read details previously addressed in this document)

**States that permit undocumented students pay in-state tuition:**

**\*Policies are constantly changing and current laws are always being challenged. Please do your research!**

**In recent years, 10 states—Texas, California, New York, Utah, Illinois, Washington, Nebraska, New Mexico, Oklahoma, and Kansas—have passed laws that permit undocumented students to pay in-state tuition rates under certain conditions.** For example, California’s law requires the undocumented students to have attended a state high school for three or more years, to have graduated from a state high school, and to sign an affidavit promising to file an application to legalize his immigration status. Counselors in and of these states should familiarize themselves with that state’s specific prerequisites.

Texas	HB 1403	Illinois	HB 60
California	AB 540	Kansas	HB 2145
Utah	HB 144	New Mexico	SB 909
Washington	HB 1079	Nebraska	LB 152
New York	SB 7784		

**\*For full list of all state policies please visit [www.nilec.org](http://www.nilec.org)**

**Federal Development, Relief, and Education for “Alien” Minors Act (DREAM Act) (2003-2004)**

**IF SIGNED INTO LAW:** would grant “qualified” immigrant students the opportunity to obtain legal status and thus enable them to pursue higher education and contribute fully to the nation.

**\*Requirements to qualify:**

- Student **MUST** have lived in the U.S. for five years or more
- Student **MUST** be a high school graduate
- Student **MUST** have “good moral” conduct
- Student **MUST** attend a minimum of two years of college.

## CA DREAM ACT: SB 65 reintroduced as SB 1301

SB 1301 was introduced in February 20, 2008 by Senator Cedillo. It was introduced to address institutional financial aid eligibility.

**This bill would** require the Trustees of the California State University and the Board of Governors of the California Community Colleges, and request the Regents of the University of California, to establish procedures and forms that enable persons who exempt from paying nonresident tuition under that provision, or who meet equivalent requirements adopted by the regents, to be eligible to receive institutional financial aid as financial assistance offered by a campus of the California Community Colleges, California State University, or University of California, including grant, scholarship, work study, and loan programs.

The bill would declare provisions to the extent the federal law permits.

## **Current Bill Status**

- > House location: State Senate
- > Last amended date: May 6, 2008
- > Still Active
- > Majority vote required to become a law

SB 1301 represents the most recent legislative effort to provide undocumented students with financial aid resources. Please keep yourself updated!
