**Career Education & Workforce Development**

**SUMMER 2019 BOOT CAMPS**

**DESIGNED FOR HIGH SCHOOL STUDENTS . . . and all are welcome!**

*Free Tuition & Books* for High School Students!! Some classes have lab fees.

### BUSINESS

**BUSI 141-74914  3 units**  **TWO WEEKS** (Hybrid Course)

**June 10 to June 20**
Monday, Tuesday, Wednesday, Thursday – 9:00 am to 11:50 am
There are also required online hours that are required for class.
Class offered on Napa Valley College main campus.

**EVALUATING NEW BUSINESS OPPORTUNITIES**
Upon completion of this course, the student should be able to assess the current economic, social and political climate for the business idea studied. In addition, the student should be able to explain how demographic, technological and social changes impact the business idea. Students will assess the personal appropriateness of their business ideas based on their strengths and skills, and personal, professional and financial goals. An initial market assessment will be made and students will test their business concept through basic market research.
*(Class offered on Napa Valley College main campus.)*

**BUSI 143-74915  3 units**  **TWO WEEKS**

**July 8 to July 18**
Monday, Tuesday, Wednesday, Thursday - 8:30 am to 3:30 pm.
Class offered on Napa Valley College main campus.

**THE ENTREPRENEURIAL BUSINESS PLAN**
This course will review the roles of entrepreneurs and small business in today’s economy. Students will learn the many issues and problems in trying to buy or start a new business. Some of the issues include location, organization, staffing, record keeping, and marketing, financial, and legal considerations.

### CULINARY

**CUL 100-74917  2 units**  **5 Days**

**June 10 to June 13, and June 17**
Monday, Tuesday, Wednesday, Thursday – 8:30 am to 3:30 pm.
Monday, June 17th -- 8:30 am - 1:20 pm
Class offered on Napa Valley College main campus. Lab fee: $90

**SANITATION & SAFETY**
This class provides students with the basic principles of food safety and sanitation as they apply to food service operations. Includes instruction on federal, state, and local sanitation regulations; personal hygiene; HACCP protocol; microbiology; preventing foodborne illnesses through flow of food systems; development and management of a comprehensive cleaning and sanitizing program; and basic concepts of workplace safety. Also includes training on responsible alcohol service. National Restaurant Association ServSafe Test will be given as a course assessment and certification may be received with a passing score.

**CUL 110-74918  3 units**  **THREE WEEKS**

**July 8 to July 25**
Monday, Tuesday, Wednesday, Thursday - 8:30 am to 3:55 pm
Class offered on Napa Valley College main campus. Lab fee: $150

**CULINARY PRODUCTION & OPERATIONS**
Through a combination of lecture and lab sessions, students are introduced to fundamental culinary principles, techniques and operations. Students are introduced to and apply skills in product identification, ingredient handling, recipe costing, commercial recipe development, cooking fundamentals and professional standards of commercial kitchen operations.
