Organs of the left abdominal cavity (with intestines reflected right)

- Umbilical artery
- Small intestine
- Ileum
- Umbilical vein (cut)
- Liver
- Urinary bladder
- Uterine horn
- Ovary
- Parietal peritoneum (membrane)
- Cecum
- Large intestine (spiral colon)
- Stomach
- Spleen
Organs of the right abdominal cavity (with intestines reflected left)

- Parietal peritoneum (membrane)
- Duodenum
- Liver
- Gallbladder
- Stomach
- Umbilical vein (cut)
- Uterine horns
- Ovary
- Small intestine
Lower abdominal and pelvic organs, pubic symphysis cut and reflected

- Urinary bladder
- Rectum
- Urethra
- Urogenital sinus
- Vagina
- Body of the uterus
- Uterine horns
- Ovary
- Ureter
Superficial view of the organs of the neck and thoracic cavity

- Pericardial sac
- Diaphragm
- Parotid gland (salivary)
- Lobe of lung
- Thymus
Deeper view of the organs of the neck and thoracic cavity

- Right lung
- Thyroid gland
- Trachea
- Submandibular gland (salivary)
- Diaphragm
- Heart
- Left lung
- Thymus
- Larynx
- Parotid gland (reflected)
Thyroid cartilage
Cricoid cartilage
Trachea
Apical lobe of lung
Apical bronchus
Primary bronchus, right
Cardiac lobe of right lung
Diaphragmatic lobe of right lung
Diaphragm (cut)
Apical lobe of left lung
Cardiac lobe of left lung
Primary bronchus, left
Intermediate lobe of right lung
Esophagus
Kidney, right
Kidney, left
Ureter, right
Ureter, left
Descending portion of colon
Ductus deferens, right
Ductus deferens, left
Penis
Epididymis
Testis
Scrotal sac
Urinary bladder
