

# Curriculum Submission Deadlines, 2025-2026 Academic Year

## September 5, 2025 Deadline

Common Course Numbering Courses:

ARTH 105, ARTH 106, ECON 100, ECON 101, ENGL 121, ENGL 123, HIST 120, HIST 121

## October 3, 2025 Deadline

Any course or program addition/modification not listed above

The dates above represent the deadlines for courses to be included in the 2026-2027 catalog. Courses seeking articulation will be effective for the 2027-2028 catalog. Please note that courses must first be included in the catalog in order to be offered, and the 2026-2027 catalog covers fall 2026, spring 2027 and summer 2027 semesters.

Program Documentation: Before submitting a new program or updating an existing program, you must include necessary documentation (including, but not limited to, a program narrative). CTE degrees and certificates must also be accompanied by labor market information and advisory committee minutes. The program will not go through technical review until it has all the necessary documentation. Please contact the Curriculum Analyst or Faculty Co-Chair to find out what documentation you will need for your program and to obtain forms.

New programs will be sent to the New Program Taskforce for review. This process will happen while your program goes through the review process in CourseLeaf.

Archived programs will be sent to the Program Archival Taskforce. This process will happen while your program goes through the review process in CourseLeaf. (Please see Curriculum Handbook Chapter 4 for more details.)
