10

---

---

---

---

---

---

---

---

## Epidemiology of Mental Disorders

- ☐ Study distribution of mental disorders
  - Identify high-risk groups
  - Identify high-risk factors
- ☐ Incidence
- ☐ Prevalence

11

---

---

---

---

---

---

---

---

## Clinical Epidemiology

- ☐ Groups treated for specific mental disorders studied for
  - Natural history of illness
  - Diagnostic screening tests
  - Interventions
- ☐ Results used to describe frequency of
  - Mental disorders
  - Symptoms appearing together
