How to get to WCRSC

From Napa:
1. Take Highway 29 North towards Yountville/St. Helena.
2. Take the Yountville/Veteran’s Home exit, turn left at the stop sign and go under the Highway.
3. Follow the tree lined drive onto the Veterans Home Campus. FOLLOW POSTED SPEED LIMIT!
4. Turn left at the stop sign at the T in the road.
5. Park in the first parking lot on the left, past the Bus Stop.
6. Walk along the side walks until you reach the back loading dock area of the Holderman Hospital (past the Chapel, the Hospital is the first big building on the left).
   *(Vets Home Security asks that we not walk in the roadway, only sidewalks and parking lots.)*
7. Enter the facility using the stairs next to the loading dock and proceed to the end of the hall, to the elevators on the left.
8. Take the left elevator only, pressing 1R on the back panel to access the Sim Center.
   *(L. Elevator is out of service)*
9. Take the right side elevator, go to Floor 1. Upon exiting elevator, turn right, then a quick right at nurse’s station. Simulation Center doors are on your right.
10. If you prefer, you may take the stairs. They are just beyond the elevator. Go up to Floor 1, turn right, then right at nurse’s station. Simulation Center doors are on your right.
