INDEPENDENT AUDITORS' REPORT

The Board of Trustees Napa Valley Community College District Napa, California

Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities of the Napa Valley Community College District, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Napa Valley Community College District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

1

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of Napa Valley Community College District, as of June 30, 2020, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the Required Supplementary Information section, as listed in the Table of Contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Napa Valley Community College District's basic financial statements. The supplementary information listed in the table of contents, including the schedule of expenditures of Federal awards, which is required Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Costs Principles, and Audit Requirements for Federal Awards, is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The supplementary information listed in the table of contents is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated August 31, 2021, on our consideration of the Napa Valley Community College District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Napa Valley Community College District's internal control over financial reporting and compliance.

San Diego, California August 31, 2021

MANAGEMENT'S DISCUSSION AND ANALYSIS

NAPA VALLEY COMMUNITY COLLEGE DISTRICT MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2020

The Napa Valley Community College District (the District) was founded in 1942 as a political subdivision of the State of California. It provides higher education in the greater Napa area, which consists of portions of four counties. The District consists of one main campus in Napa and education centers in American Canyon and St. Helena. The District also offers classes and programs at various other locations throughout the District. The District serves approximately 10,000 full and part-time, credit and non-credit students per semester.

The following discussion and analysis provides an overview of the financial position and activities of the Napa Valley Community College District for the year ended June 30, 2020. Please read it in conjunction with the financial statements and notes thereto which follow this section. Responsibility for the completeness and accuracy of this information rests with the District management.

FINANCIAL HIGHLIGHTS

Total net position was \$(57.7) million at June 30, 2020 This was a decrease of \$1.4 million over the prior year. This is related mainly to the District's increases in liabilities including increases to the net pension liability and net OPEB liability.

OVERVIEW OF THE FINANCIAL STATEMENTS

The District was required to implement the reporting standards of Governmental Accounting Standards Board (GASB) Statement No. 34, as amended by GASB Statement No. 35 on July 1, 2002. This adoption changed the format and the content of the District's basic financial statements. The District is following the Business Type Activity (BTA) model. Rather than issuing fund-type financial statements, these Statements require the following components to be included in the District's financial statements:

- Management's Discussion and Analysis
- Basic financial statements including:
 - Statement of Net Position
 - o Statement of Revenues, Expenses, and Changes in Net Position
 - o Statement of Cash Flows
- Notes to financial statements

Additionally, fund balance is referred to as Net Position, and the Statement of Cash Flows are presented using the direct method.

The basic financial statements are designed to provide readers with a broad overview of the District's finances, using accounting methods similar to those used by private sector companies. These statements offer short-term and long-term financial information about the District's activities.

OVERVIEW OF THE FINANCIAL STATEMENTS, continued

The Statement of Net Position presents the assets, liabilities, and net position of the District as of the end of the fiscal year ended June 30, 2020 and is prepared using the accrual basis of accounting, which is similar to the accounting basis used by most private sector organizations. The difference between total assets and total liabilities (net position) is one indicator of the current financial condition of the District, or one way to measure the financial health of the District.

The net position is divided into three major categories. The first category, Net investment in Capital Assets, represents the equity amount in property, plant, and equipment owned by the District. The second category is Expendable Restricted Net Position. This net position is available for expenditure by the District, but must be spent for purposes as determined by external entities and/or donors that have placed time or purpose restrictions on the use of the assets. Restrictions can also be enforced through agreements, laws, or regulations of creditors, other governmental agencies, imposed bylaws through constitutional provisions or enabling legislation. The final category is Unrestricted Net Position that is available to the District for any lawful purpose. Although unrestricted, the District's Governing Board may place internal restrictions on this net position, but it retains the power to change, remove, or modify such restrictions.

The Statement of Revenues, Expenses, and Changes in Net Position represent the operating results of the District. The purpose of the statement is to present the revenues received by the District, both operating and non-operating, the expenses paid by the District, operating and non-operating, and any other revenues, expenses, gains and losses. Thus, this statement presents the District's results of operations.

Changes in total net position are based on the activity presented in the Statement of Revenues, Expenses, and Changes in Net Position.

Generally, operating revenues are earned for providing goods and services to the various customers and constituencies of the District. Operating expenses are those expenses incurred to acquire or produce the goods and services provided in return for the operating revenues and to fulfill the mission of the District. Non-operating revenues are those received or pledged for which goods and services are not provided. For example, state appropriations are non-operating revenues because they are provided by the State Legislature to the District without the Legislature directly receiving commensurate goods and services for the revenues.

The Statement of Cash Flows provides information about cash receipts and cash payments during the fiscal year, major uses, and sources of cash. This statement also helps users assess the District's ability to generate positive cash flows, meet obligations as they become due and evaluate the need for external financing.

OVERVIEW OF THE FINANCIAL STATEMENTS, continued

The Statement of Cash Flows is divided into five parts. The first part reflects operating cash flows and shows the net cash provided by the operating activities of District. The second part details cash received for non-operating, non-investing, and non-capital activities of the institution. The third section deals with the cash used for the acquisition and construction of capital and related financing activities. The fourth part provides information from investing activities. This section reflects the cash received and spent for short-term investments and any interest paid or received on those investments. The final section reconciles the net cash from operating activities to the operating loss reflected on the Statement of Revenues, Expenses, and Changes in Net Position. The net cash reconciliation is shown in the expanded version of the Statement of Cash Flows in the financial statements.

The Statements of Net Position as of June 30, 2020 and 2019 are summarized below:

	2020	2019		Change
ASSETS AND DEFERRED OUTFLOWS OF RESOURCES				
Total assets	\$ 153,065,729	\$ 156,264,7	50 \$	(3,199,021)
Deferred outflow of resources	19,113,914	19,742,6	60	(628,746)
Total Assets and Deferred Outflows of Resources	 172,179,643	176,007,4	10	(3,827,767)
LIABILITIES AND DEFERRED INFLOWS OF RESOURCES				
Current liabilities	21,301,614	19,718,4	74	1,583,140
Non-current liabilities	193,178,007	207,545,7	04	(14,367,697)
Deferred inflows of resources	15,423,362	5,018,6	00	10,404,762
Total Liabilities and Deferred Inflows of Resources	 229,902,983	232,282,7	78	(2,379,795)
NET POSITION				
Invested in capital assets, net of related debt	12,305,735	9,544,3	38	2,761,397
Restricted	11,059,399	11,492,2	44	(432,845)
Unrestricted	(81,088,474)	(77,311,9	50)	(3,776,524)
Total Net Position	\$ (57,723,340)	\$ (56,275,3	68) \$	(1,447,972)

The District's total assets and deferred outflows of resources decreased \$3.8 million or 2.2 percent from the previous year. The majority of the decrease was due to an increase of expenditures and capital asset depreciation.

Total liabilities and deferred inflows of resources decreased by \$2.4 million or 1.0 percent. This is primarily due to a decrease in accounts payable and deferred inflows of resources.

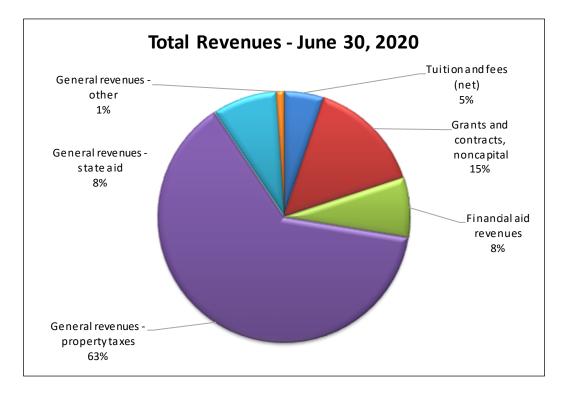

NAPA VALLEY COMMUNITY COLLEGE DISTRICT MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2020

OVERVIEW OF THE FINANCIAL STATEMENTS, continued

The Statements of Revenues, Expenses, and Changes in Net Position for the fiscal years ended June 30, 2020 and 2019 are summarized below:

	2020	2019	Change
REVENUES			
Tuition and fees (net)	\$ 3,701,824	\$ 4,436,621	\$ (734,797)
Grants and contracts, noncapital	10,541,076	9,746,786	794,290
Financial aid revenues	5,471,813	4,216,346	1,255,467
General revenues - property taxes	45,011,728	42,656,809	2,354,919
General revenues - state aid	5,931,915	8,913,814	(2,981,899)
General revenues - other	252,714	379,098	(126,384)
Total Revenues	 70,911,070	70,349,474	561,596
EXPENSES			
Operating expenses	61,798,900	62,912,186	(1,113,286)
Financial aid disbursement to students	6,517,117	5,085,839	1,431,278
Gain (Loss) on Disposal of Asset	-	332,953	(332,953)
Interest	5,069,335	5,531,114	(461,779)
Total Expenses	 73,385,352	73,862,092	(476,740)
Change in Net Position	\$ (2,474,282)	\$ (3,512,618)	\$ 1,038,336

Operating and nonoperating revenues are comparatively reflected below:

NAPA VALLEY COMMUNITY COLLEGE DISTRICT MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2020

OVERVIEW OF THE FINANCIAL STATEMENTS, continued

Operating and nonoperating expenses are comparatively reflected below:

OVERVIEW OF THE FINANCIAL STATEMENTS, continued

District Fiduciary Responsibility

The District is the trustee, or fiduciary, for certain amounts held on behalf of students, clubs, and donors for student loans and scholarships. The District's fiduciary activities are reported in separate Statement of Fiduciary Net Position and Changes in Fiduciary Net Position. Net position of fiduciary activities is excluded from the District's net position because the District cannot use fiduciary assets to finance its operations. The District is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

Capital Assets

As of June 30, 2020, the District had approximately \$185.2 million invested in capital assets. Capital assets consist of land and land improvements, buildings and building improvements, construction in progress, vehicles, data processing equipment, and other equipment that met the capitalization threshold recommended by GASB Statement No. 35. These assets have accumulated depreciation of \$60.4 million, leaving a net capital asset amount of \$124.8 million.

Note 5 to the financial statements provides detailed information on capital assets. A summary of capital assets net of accumulated depreciation and changes therein is presented below:

	2020	2019	Change
Capital Assets not being depreciated	\$ 400,003	\$ 400,003	\$ -
Capital Assets being depreciated	184,844,546	184,280,508	564,038
Accumulated depreciation	 (60,418,930)	(56,679,031)	(3,739,899)
Total Capital Assets	\$ 124,825,619	\$ 128,001,480	\$ (3,175,861)

ECONOMIC FACTORS THAT MAY AFFECT THE FUTURE

Beginning in 2017-18, Napa Valley College became a "basic aid" or "Community Supported" district. That means that the sum of the College's local property tax revenues, plus student enrollment fees, exceeds the dollar-threshold below which a portion of the District's operational funding would be dependent on State apportionment funding, as calculated based on full-time equivalent students (FTES), student demographics, and student achievement. As property taxes are a more stable source of funding than funding from the State (the latter of which is dependent on personal income tax which is affected by the ups and downs of the economy), a majority of the District's Unrestricted General Fund revenue is on a very stable base.

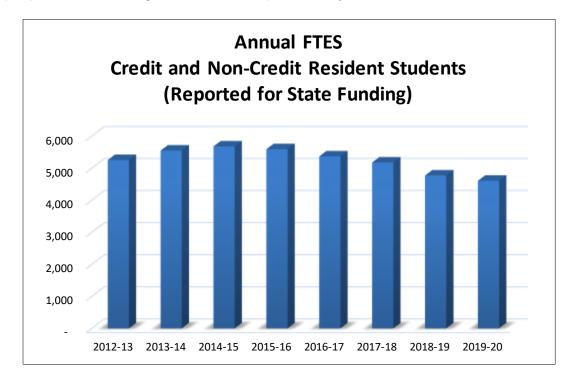

That said, COVID-19 has had, and will continue to have, an impact on the collection of "local revenues," such as enrollment and parking fees, as student enrollment is down, and much of the District's courses are being taught online, due to health-safety precautions. Fortunately, federal funding is currently available to back-fill such revenue losses.

The District's Restricted General Fund revenues are dependent on state and federal categorical programs and grants. As such, economic impacts at the state and federal level, plus legislative priorities, can affect the funding that the District receives. But, as the expenditures in these programmatic areas are basically limited to the degree of available funding, activity in these areas has a limited impact on the District's reserves.

For 2019-20, the District's Unrestricted General Fund, ending fund balance represented an 8.0% reserve as a percentage of total expenditures. Although this is less than what the District had in past years, it is still above the Chancellor's Office's "minimum prudent reserve" of 5.0%, and provides the District a buffer to absorb future unforeseen circumstances.

HISTORICAL FULL TIME EQUIVALENT STUDENTS (FTES) TRENDS

In the 2020 fiscal year, the District reported 4,604 credit and non-credit resident FTES. See the below chart for a historical perspective on the changes in FTES over the past 8 fiscal years.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have any questions about this report or need additional financial information, you may contact the Controller, at Napa Valley Community College District, 2277 Napa-Vallejo Highway, Napa, CA 94558.

NOTE 1 – ORGANIZATION

The Napa Valley Community College District (the District) was founded in 1942 as a political subdivision of the State of California. It provides higher education in the greater Napa area, which consists of portions of four counties. The District consists of one main campus in Napa with education centers in American Canyon and St. Helena. The District also offers classes and programs at various other locations throughout the District. The District serves approximately 10,000 full and part-time, credit and non-credit students per semester. Full-Time Equivalent Students (FTES) for 2019-2020 were 4,604.

Financial Reporting Entity

The District has adopted GASB Statement No. 39, *Determining Whether Certain Organizations are Component Units*. This statement amends GASB Statement No. 14, *The Financial Reporting Entity*, to provide additional guidance to determine whether certain organizations, for which the District is not financially accountable, should be reported as component units based on the nature and significance of their relationship with the District.

In evaluating how to define the District for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth in generally accepted accounting principles and GASB Statement No. 14 and Statement No. 39. The basic, but not the only, criterion for including a potential component unit within the reporting entity is the Board of Trustee's ability to exercise oversight responsibility. A second criterion used in evaluating potential component units is the scope of public service. A third criterion used to evaluate potential component units is the existence of special financing relationships, regardless of whether the District is able to exercise oversight responsibilities.

For financial reporting purposes, the District includes all funds, agencies, and authorities that are controlled by or are dependent on the District's executive and legislative branches. Control by or dependence on the District was determined on the basis of budget adoption, taxing, authority, outstanding debt secured by revenues or general obligations of the District, obligations of the District to finance any deficits that may occur, or receipt of significant subsidies from the District.

As a result, the financial statements of the District include the financial activities of the District and the combined totals of the trust and agency funds, which represent the various scholarships and student organizations within the District.

The District, the Napa Valley College Foundation (the Foundation), the Napa Valley Community College District Auxiliary Services Foundation (the District Auxiliary Services Foundation) and the Napa Valley Viticulture & Wine Technology Foundation (the VWT Foundation) have financial and operational relationships that require analysis to determine whether they meet the reporting entity definition criteria of the Governmental Accounting Standards Board (GASB) for inclusion as component units of the District. After analysis, all three entities were determined to not have met these criteria. Accordingly, the separately audited financial statements of the Foundation, the District Auxiliary Services Foundation and the VWT Foundation may be obtained from the District.

NOTE 1 – ORGANIZATION, continued

Financial Reporting Entity, continued

The following are those aspects of the relationship between the District and the component units that satisfies the GASB:

Accountability: The VWT Foundation and the District Auxiliary Services Foundation operate under a master agreement with the District in accordance with the California Education Code requirements. The District is able to impose its will upon the VWT Foundation and the District Auxiliary Services Foundation.

Discrete Presentation: For financial presentation purposes, the financial activities of the VWT Foundation and the Auxiliary Services Foundation have been discretely presented with the financial activities of the District.

Joint Powers Agencies and Public Entity Risk Pools

The District is associated with four joint powers agencies (JPAs). These organizations do not meet the criteria for inclusion as component units of the District. The JPAs are the Northern California Community College Self Insurance Authority (NCCCSIA), Statewide Association of Community Colleges (SWACC), Schools Self-Insurance of Contra Costa County (SSICCC), and Protected Insurance Program for Schools (PIPS). See Note 8 for more information.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

For financial reporting purposes, the District is considered a special-purpose government engaged only in businesstype activities as defined by GASB Statements No. 34 and No. 35 as amended by GASB Statements No. 37 and No. 38. Accordingly, the District's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred. All significant intra-agency and intra-fund transactions have been eliminated.

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place and amounts are available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District, available means expected to be received within 90 days of fiscal year end.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation, continued

Nonexchange transactions, in which the District receives value without directly giving equal value in return, include state apportionments, property taxes, certain grants, entitlements, and donations. Revenue from state apportionments is generally recognized in the fiscal year in which it is apportioned from the state. Revenue from property taxes is recognized in the fiscal year in which the taxes are received. Revenue from certain grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include time and purpose requirements.

The accounting policies of the District conform to accounting principles generally accepted in the United States of America (U.S. GAAP) as applicable to colleges and universities, as well as those prescribed by the California Community Colleges Chancellor's Office.

The District reports are based on all applicable GASB pronouncements, as well as applicable Financial Accounting Standards Board (FASB) pronouncements issued on or before November 30, 1989, now codified in the FASB Accounting Standards Codification, unless those pronouncements conflict with or contradict GASB pronouncements. When applicable, certain prior year amounts have been reclassified to conform to current year presentation. The budgetary and financial accounts of the District are maintained in accordance with the State Chancellor's Office Budget and Accounting Manual.

The financial statements are presented in accordance with the reporting model as prescribed in GASB Statement No. 34, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*, and GASB Statement No. 35, *Basic Financial Statements and Management's Discussion and Analysis for Public Colleges and Universities*, as amended by GASB Statements No. 37 and No. 38. The Business type activities model followed by the District requires the following components of the District's financial statements:

- Management's Discussion and Analysis
- Basic Financial Statements for the District as a whole including:
 - Statement of Net Position
 - \circ $\;$ Statement of Revenues, Expenses, and Changes in Net Position
 - Statement of Cash Flows
 - Notes to Financial Statements

Cash and Cash Equivalents

The District's cash and cash equivalents are considered to be cash on hand and demand deposits. Cash equivalents also include cash with county treasury balances for purposes of the statement of cash flows.

Investments

In accordance with GASB Statement No. 31, *Accounting and Reporting for Certain Investments and for External Investment Pools*, investments are stated at fair market value. Fair market value is estimated based on published market prices at year-end. Investments for which there are no quoted market prices are not material.

Accounts Receivable

Accounts receivable consists of tuition and fee charges to students and auxiliary enterprise services provided to students, faculty and staff, the majority of each residing in the State of California. Accounts receivable also include amounts due from the Federal government, State and local governments, or private sources, in connection with reimbursements of allowable expenditures made pursuant to the District's grants and contracts. The District utilizes the allowance method with respect to its accounts receivable. The allowance was \$931,556 at June 30, 2020

Prepaid Expenditures

Prepaid expenditures or expenses represent payments made to vendors for services that will benefit periods beyond June 30, 2020.

Deferred Charges

Deferred charges are bond issuance costs and are deferred and amortized over the term of bonds using the straightline method since the results are not significantly different from the effective interest method.

Capital Assets and Depreciation

Capital assets are long-lived assets of the District as a whole and include land, construction-in-progress, buildings, leasehold improvements, and equipment. The District maintains an initial unit cost capitalization threshold of \$5,000. Assets are recorded at historical cost, or estimated historical cost, when purchased or constructed. The District does not possess any infrastructure. Donated capital assets are recorded at estimated fair market value at the date of donation. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized. Major outlays for capital improvements are capitalized as construction-in-progress as the projects are constructed. Routine repairs and maintenance that do not extend the life of the building or equipment are charged as operating expenses in the year the expense is incurred.

Capital Assets and Depreciation, continued

Depreciation of capital assets is computed and recorded by the straight-line method. Estimated useful lives of the various classes of depreciable capital assets are as follows: buildings, 50 years; improvements, 20 to 65 years; equipment, 5 to 20 years; library books, 5 years; technology equipment, 5 years. Land and construction in progress are considered nondepreciable capital assets; therefore, no depreciation is computed.

Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported in the entity-wide financial statements.

Deferred Insurance Costs, Premiums, and Discounts

Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the straight-line method.

Compensated Absences

Compensated absence costs are accrued when earned by employees. Accumulated unpaid employee vacation benefits are recognized at year-end as liabilities of the District.

Deferred Revenue

Deferred revenue arises when potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period or when resources are received by the District prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the District has a legal claim to the resources, the liability for deferred revenue is removed from the combined balance sheet and revenue is recognized. Deferred revenues include (1) amounts received for tuition and fees prior to the end of the fiscal year that are related to the subsequent fiscal year and (2) amounts received from federal and state grants received before the eligibility requirements are met.

Net Position

GASB Statements No. 34 and No. 35 report equity as "Net Position." Net position is classified according to external donor restrictions or availability of assets for satisfaction of District obligations according to the following net position categories:

- **Net investment in Capital Assets** Capital Assets, net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction, or improvement of those assets.
- **Restricted Expendable –** Net position whose use by the District is subject to externally imposed constraints that can be fulfilled by actions of the District pursuant to those constraints or by the passage of time.
- **Unrestricted** Net position that is not subject to externally imposed constraints. Unrestricted net position may be designated for specific purposes by action of the Board of Trustees or may otherwise be limited by contractual agreements with outside parties.

When both restricted and unrestricted resources are available for use, it is the District's practice to use restricted resources first and the unrestricted resources when they are needed. The entity-wide financial statements reported \$11,114,296 of restricted net position.

Operating Revenues and Expenses

Classification of Revenues – The District has classified its revenues as either operating or nonoperating according to the following criteria:

- Operating revenues Operating revenues include activities that have the characteristics of exchange transactions, such as, (1) student tuition and fees, net of scholarship discounts and allowances, (2) internal service self-insurance charges, (3) most federal, state, and local grants and contracts, and (4) interest on institutional student loans.
- **Nonoperating revenues** Nonoperating revenues include activities that have the characteristics of nonexchange transactions, such as state apportionments, property taxes, investment income, and other revenue sources described in GASB Statement No. 34.

Operating Revenues and Expenses, continued

Classification of Expenses – Nearly all the District's expenses are from exchange transactions and are classified as either operating or nonoperating according to the following criteria:

- **Operating expenses** Operating expenses are necessary costs to provide the services of the District and include employee salaries and benefits, supplies, operating expenses, and student financial aid.
- **Nonoperating expenses** Nonoperating expenses include interest expense and other expenses not directly related to the services of the District.

State Apportionments

Certain current year apportionments from the state are based on financial and statistical information of the previous year. Any corrections due to the recalculation of the apportionment are made in February of the subsequent year and are recorded in the District's financial records when received.

On-Behalf Payments

GASB Statement No. 24 requires direct on-behalf payments for fringe benefits and salaries made by one entity to a third-party recipient for the employees for another legally separate entity be recognized as revenues and expenditures by the employer entity. The State of California makes direct on-behalf payments to the State Teachers Retirement System (STRS) and Public Employees Retirement System (PERS) on behalf of all community colleges in California. The amounts of on-behalf payments were \$1,587,776 for 2019-20.

Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amount reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Property Taxes

Secured property taxes are recorded as revenue when apportioned in the fiscal year of the levy. The counties apportion secured property tax revenue in accordance with the alternate method of distribution prescribed by Section 4705 of the *California Revenue and Taxation Code*. This alternate method provides for crediting each applicable fund with its total secured taxes upon completion of the secured tax roll, approximately October 1 of each year.

Property Taxes, continued

Property taxes are recorded as local revenue sources by the District. The California Community Colleges Chancellor's Office reduces that District's entitlement by the District's local property tax revenue and student fees. The balance is paid from the State's General Fund and is referred to as the State apportionment. The District's base revenue is the amount of general purpose tax revenue, per full-time equivalent student (FTES) that the District is entitled to by law.

Scholarship Discounts and Allowance

Student tuition and fee revenue is reported net of scholarship discounts and allowances in the Statements of Revenues, Expenditures, and Changes in Net Position. Scholarship discounts and allowances represent the difference between stated charges for enrollment fees and the amount that is paid by students or third parties making payment on the students' behalf. To the extent that fee waivers and discounts have been used to satisfy tuition and fee charges, the District has recorded a scholarship discount and allowance.

Interfund Activity

Exchange transactions between funds of the District are reported as revenues and expenses within the statement of Revenues, Expenses, and Changes in Net Position. Flows of cash or goods from one fund to another without a requirement for repayment are recognized as interfund transfers within the District's fund financial statements. Amounts owing between funds for both exchange and non-exchange transactions are recorded as interfund receivables and payables within the District's fund financial statements. Interfund transfers and interfund receivables and payables are eliminated during the consolidation process in the entity-wide financial statements.

New Accounting Pronouncements

The Governmental Accounting Standards Board (GASB) has issued several pronouncements that may impact future financial presentations. Management has not currently determined what, if any, impact implementation of the following statements may have on the financial statements of the District.

GASB Statement No. 84 – Fiduciary Activities. The objective of this Statement is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. The Statement is effective for periods beginning after December 15, 2019.

GASB Statement No. 87 – Leases. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. The Statement is effective for periods beginning after June 15, 2021.

NOTE 3 – CASH AND INVESTMENTS

Policies and Practices

The District is authorized under California Government Code to make direct investments in local agency bonds, notes, or warrants within the State; U.S. Treasury instruments; registered state warrants or treasury notes; securities of the U.S. Government, or its agencies; bankers acceptances; commercial paper; certificates of deposit placed with commercial banks and/or savings and loan companies; repurchase or reverse repurchase agreements; medium term corporate notes; shares of beneficial interest issued by diversified management companies; medium term corporate notes; certificates of participation; obligations with first priority security; and collateralized mortgage obligations.

Investment in County Treasury – The District is considered to be an involuntary participant in an external investment pool as the District is required to deposit all receipts and collections of monies with their County Treasurer (Education Code Section 41001). The fair market value of the District's investment in the pool is reported in the accompanying financial statements at amounts based upon the District's pro-rata share of the fair market value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis.

General Authorizations

Primary Institution – Credit Risk

California Government Code, Section 53601, limits investments in commercial paper to "prime" quality of the highest ranking, or of the highest letter and numerical rating as provided by nationally recognized statistical rating organizations (NRSRO), and limits investments in medium-term notes to a rating of A or better. Individual securities must be backed by the federal government or rated AAA, AA, or A by Standard & Poor's or Aaa, Aa, or A by Moody's indices. The District's investment policy established safety of principal as of primary investment objective. The District's investment in the County investment pool is unrated.

NOTE 3 – CASH AND INVESTMENTS, continued

Component Units – Credit Risk

The Component Units' investment policies allow for investment in equity securities and fixed income instruments. Any corporate obligations must be rated BBB or a better rating by Standard & Poor's or a similar rating agency. The Component Units' investments are rated at least BBB or better by Standard & Poor's as of June 30, 2020.

Limitations as they relate to interest rate risk, credit risk, and concentration of credit risk are indicated in the schedules below:

	Maximum	Maximum	Maximum
Authorized	Remaining	Percentage	Investment in
Investment Type	Maturity	of Portfolio	One Issuer
Local Agency bonds, Notes, Warrants	5 years	None	None
Registered State Bonds, Notes, Warrants	5 years	None	None
U.S. Treasury Obligations	5 years	None	None
U.S. Agency Securities	5 years	None	None
Banker's Acceptance	180 days	40%	30%
Commercial Paper	270 days	40%	10%
Negotiable Certificates of Deposit	5 years	40%	None
Repurchase Agreements	1 year	None	None
Reverse Repurchase Agreements	92 days	20% of base	None
Medium-Term Corporate Notes	5 years	30%	None
Mutual Funds	N/A	20%	10%
Money Market Mutual Funds	N/A	20%	10%
Mortgage Pass-Through Securities	5 years	20%	None
County Pooled Investment Funds	N/A	None	None
Local Agency Investment Fund (LAIF)	N/A	None	None
Joint Powers Authority Pools	N/A	None	None

Authorized Under Debt Agreements

Investments of debt proceeds held by bond trustees are governed by provisions of the debt agreements rather than the general provisions of the California Government Code. These provisions allow for the acquisition of investment agreements with maturities of up to 30 years.

Summary of Cash and Investments

Cash and investments as of June 30, 2020, consist of the following:

Governmental Funds:

Cash on hand and in banks	\$	201,985
Investment in Napa County Investment Pool	_	16,827,422
Total cash and investments	\$	17,029,407

NOTE 3 – CASH AND INVESTMENTS, continued

Interest Rate Risk

Interest rate risk is risk to the earnings or market value of a portfolio due to uncertain future interest rates. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair market value to changes in market interest rates. The District manages its exposure to interest rate risk by primarily investing in the County Investment Pool and in other investment agreements.

Specific Identification

Information about the sensitivity of the fair market values of the District's investments to market interest rate fluctuations is indicated by the 477-day weighted average maturity for the District's deposits of \$16,827,422 held with the Napa County Treasurer.

Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The District's investment in the County pool is not required to be rated, nor has it been rated as of June 30, 2020. As of June 30, 2020, the Napa County Treasury was not rated.

Custodial Credit Risk - Deposits

Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The California Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110 percent of the total amount deposited by the public agencies. California law also allows financial institutions to secure public deposits by pledging first trust deed mortgage notes having a value of 150 percent of the secured public deposits and letters of credit issued by the Federal Home Loan Bank of San Francisco having a value of 105 percent of the secured deposits. As of June 30, 2020, the District's bank balances were not exposed to custodial credit risk because the individual balances were below \$250,000 and as such, were covered under the FDIC insurance limit.

NOTE 4 – ACCOUNTS RECEIVABLE

Receivables for the District consisted primarily of intergovernmental grants, entitlements, interest, and other local sources. At June 30, 2020 accounts receivable totaled \$7,486,015. All receivables are considered collectible in full.

NOTE 5 – CAPITAL ASSETS

Capital asset activity for the District for the year ended June 30, 2020 was as follows:

	Balance July 1, 2019	Additions	De	eductions	Ji	Balance une 30, 2020
Capital Assets not being Depreciated	 , .,					
Land	\$ 400,003	\$ -	\$	-	\$	400,003
Total Capital Assets not being Depreciated	 400,003	-		-		400,003
Capital Assets being Depreciated						
Site improvements	43,566,308	-		-		43,566,308
Buildings & improvements	121,226,791	345,427		-		121,572,218
Furniture & equipment	19,487,409	218,611		-		19,706,020
Total Capital Assets being Depreciated	 184,280,508	564,038		-		184,844,546
Total Capital Assets	 184,680,511	564,038		-		185,244,549
Accumulated Depreciation	 56,679,031	3,739,899		-		60,418,930
Net Capital Assets	\$ 128,001,480	\$ (3,175,861)	\$	-	\$	124,825,619

NOTE 6 – LONG-TERM OBLIGATIONS

Summary

The changes in the District's long-term obligations for the 2020 fiscal year consisted of the following:

	Balance July 1, 2019	Additions	Deductions	Balance June 30, 2020	Due Within One Year
Long-Term Obligations					
General obligation bonds	\$ 119,835,294	\$ 3,784,287	\$ 9,130,000	\$ 114,489,581	\$ 7,066,251
Premium on bonds	5,605,138	-	636,761	4,968,377	-
Compensated absences	1,848,250	351,250	-	2,199,500	-
Other postemployment benefits	43,060,882	-	13,498,441	29,562,441	-
Total Long-Term Obligations	\$ 170,349,564	\$ 4,135,537	\$ 23,265,202	\$ 151,219,899	\$ 7,066,251

Description of Debt

Payments on the general obligation bonds are made by the bond interest and redemption fund with local property tax collections. The General Fund makes payments for the compensated absences, other postemployment benefits and the supplemental employee retirement plan. Accrued vacation will be paid by the fund for which the employee worked.

Original issuance premiums and issuance costs are amortized over the life of the bonds as a component of interest expense on the bonds.

NOTE 6 – LONG-TERM OBLIGATIONS, continued

Bonded Debt

The outstanding general obligation bonded debt as of June 30, 2020 is as follows:

				Bonds			Bonds	
			Maturity	Outstanding			Outstanding	Due Within
Series	Issue Date	Yield	Date	July 1, 2019	Additions	Redeemed	June 30, 2020	One Year
2002 Series B	3/17/2005	2.35-5.38%	8/1/2029	\$ 32,774,028	\$ 1,745,465	\$ -	\$ 34,519,493	\$ -
2002 Series C	7/18/2007	4.70-5.18%	8/1/2034	1,742,788	215,226	-	1,958,014	456,251

2002 General Obligation Bonds, Election 2002, Series B

General obligation bonds were approved by a local election in November 2002. The total amount approved by the voters was \$133,800,000. During March 2005, the District issued, from the November 2002 election, the General Obligation Bonds, Series B in the amount of \$64,997,723. The bonds issued consisted of \$49,010,000 of Current Interest Serial bonds and \$15,987,723 in Capital Appreciation Serial bonds. The bonds mature beginning on August 1, 2006 through August 1, 2029, with interest yields ranging from 2.35 percent to 5.38 percent. At June 30, 2020, the principal balance outstanding (including accreted interest to date) was \$34,519,493.

NOTE 6 – LONG-TERM OBLIGATIONS, continued

Bonded Debt, continued

2002 General Obligation Bonds, Election 2002, Series C

During July 2007, the District issued, from the November 2002 election, the General Obligation bonds, Series C in the amount of \$43,799,997. The bonds issued consisted entirely of Capital Appreciation bonds. The bonds mature beginning on August 1, 2020 through August 1, 2034, with interest yields ranging from 4.70 percent to 5.18 percent. In June of 2018, the bonds were refunded with the 2018 refunding bonds. At June 30, 2020, the principal balance outstanding (including accreted interest to date) was \$1,958,014.

Fiscal Year	Principal	Interest	Total		
2021	\$ 456,251	\$ 1,618,749	\$	2,075,000

2026-2030	-	-		-	
2031-2035	-	-		-	
Accretion	1,501,763	(1,501,763)		-	
	\$ 1,958,014	\$ 116,986	\$	2,075,000	

2015 General Obligation Bonds, Refunding Bonds

Proceeds from the 2015 General Obligation Refunding Bonds of \$44,755,000, issued in June 2015, were used to advance refund bonds from three issuances; Election 2002, Series C bonds, 2005 General Obligation Refunding bonds and 2006 General Obligation Refunding bonds. Investments backed by the U.S. government were purchased and placed in an irrevocable trust with an escrow agent. The investments and fixed earnings on the investments are sufficient to fully provide for all future debt service on the refunded bonds, and accordingly the refunding transaction met the criteria for an in-substance defeasance. The liabilities related to the refunded bonds were removed from the District's financial statements during the year ended June 30, 2015.

NOTE 6 – LONG-TERM OBLIGATIONS, continued

Bonded Debt, continued

2015 General Obligation Bonds, Refunding Bonds, continued

The bonds issued consisted of \$44,755,000 of Current Interest serial bonds. The bonds mature beginning on August 1, 2015 through August 1, 2021, with interest yield rates ranging from 0.32 percent to 2.71 percent. At June 30, 2020, the principal balance outstanding (including accreted interest to date) was \$13,510,000.

Fiscal Year	Principal	Interest	Total		
2021	\$ 6,610,000	\$ 593,633	\$	7,203,633	
2022	 6,900,000	345,000		7,245,000	
	\$ 13,510,000	\$ 938,633	\$	14,448,633	

2018 General Obligation Bonds, Refunding Bonds

Proceeds from the 2018 General Obligation Refunding Bonds of \$59,805,724, issued in June 2018, were used to advance refund a portion of the outstanding Election 2002, Series C bonds. Investments backed by the U.S. government were purchased and placed in an irrevocable trust with an escrow agent. The investments and fixed earnings on the investments are sufficient to fully provide for all future debt service on the refunded bonds, and accordingly the refunding transaction met the criteria for an in-substance defeasance. The liabilities related to the refunded bonds were removed from the District's financial statements for the year ended June 30, 2018.

The bonds issued consisted of \$40,410,000 of Convertible Capital Appreciation bonds. The bonds mature beginning on August 1, 2021 through August 1, 2034, with interest yields ranging from 1.98 percent to 3.28 percent At June 30, 2020, the principal balance outstanding (including accreted interest to date) was \$64,502,074.

		Accreted				
Fiscal Year	Principal		Interest		Interest	Total
2021	\$ -	\$	-	\$	-	\$ -
2022	414,442		1,327,600		45,558	1,787,600
2023	5,356,207		2,636,800		588,793	8,581,800
2024	5,716,591		2,399,000		628,409	8,744,000

NOTE 6 – LONG-TERM OBLIGATIONS, continued

Compensated Absences

Compensated absences refer to accumulated unpaid employee vacation benefits that are accrued as a liability as the benefits are earned. At June 30, 2020, the balance outstanding was \$2,199,500.

NOTE 7 – OTHER POSTEMPLOYMENT BENEFITS

Plan Description

The District provides postemployment health care benefits in accordance with District employment contracts to all employees and their eligible dependents who retire from the District until attaining age 65 with at least fifteen years in service. When the retiree attains age 65, the District's plan will provide MediCare supplemental coverage for the employee. The District contributes 100 percent of the amount of the benefit premium costs incurred by retirees.

Employees Covered by Benefit Term

The following is a table of plan participants as of the June 30, 2019 valuation:

	Number of
	Participants
Inactive employees receiving benefits	226
Active employees	322
	548

OPEB Plan Investments

The plan discount rate of 4.32% was determined using the following asset allocation and assumed rate of return:

	T (All (Long-Term Expected
Asset Class	Target Allocation	Real Rate of Return
CERBT - Strategy 1		
All Equities	59%	7.80%
All Fixed Income	25%	4.50%
Real Estate Investment Trusts	8%	7.50%
All Commodities	3%	7.80%
Treasury Inflation Protected Securities	5%	3.25%
Total	100%	

NOTE 7 – OTHER POSTEMPLOYMENT BENEFITS, continued

Actuarial Assumptions

The total OPEB liability in the June 30, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Valuation date	June 30, 2019
Measurement date	June 30, 2019
Fiscal year	July 1st to June 30th
Actuarial cost methods	Entry age normal cost method
Inflation rate	2.75%
Investment rate of return	4.32%
Health care cost trend rate	4.00%
Payroll increase	2.75%
Mortality	For certificated employees the 2020 CalSTRS mortaility tables were used.
	For classified employees the 2014 CalPERS
	active mortaility for miscellaneous and school
	employees were used

Changes in the Net OPEB Liability

	Increase/(Decrease)						
	1	otal OPEB	Fiduciary			Total OPEB	
		Liability	Ν	et Position		Liability	
		(a)		(b)		(a) - (b)	
Balance July 1, 2019	\$	45,879,840	\$	2,818,958	\$	43,060,882	
Changes for the year:							
Service cost		1,845,909		-		1,845,909	
Interest		1,634,206		-		1,634,206	
Employer contributions		-		1,654,680		(1,654,680)	
Changes of assumptions		(14,078,295)		-		(14,078,295)	
Net investment income		-		174,009		(174,009)	
Experience gains/losses		(1,072,176)		-		(1,072,176)	
Administrative expense		-		(604)		604	
Benefit payments		(1,654,680)		(1,654,680)		-	
Net change		(13,325,036)		173,405		(13,498,441)	
Balance June 30, 2020	\$	32,554,804	\$	2,992,363	\$	29,562,441	

Plan Fiduciary Net Position as a percentage of the Total OPEB Liability at June 30, 2020 was 9.19%.

NOTE 7 – OTHER POSTEMPLOYMENT BENEFITS, continued

OPEB Expense and Deferred Outflows/Inflows of Resources Related to OPEB

For the year ended June 30, 2020, the District recognized OPEB expense of \$2,890,171. At June 30, 2020, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB as follows:

	eferred Outflows of Resources	;	Deferred Inflows of Resources		
Differences between projected and					
actual earnings on plan investments	\$	-	\$	29,508	
Differences between expected and					
actual experience		-		865,988	
Change in assumptions		-		11,594,238	
	\$	-	\$	12,489,734	

The deferred outflow of resources resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the subsequent fiscal year. The deferred inflows of resources resulting from a change in assumption will be amortized to OPEB expense as follows:

	Deferred				
	Outflows/(Inflows)				
Year Ended June 30,		of Resources			
2021	\$	(3,153,746)			
2022		(2,930,437)			
2023		(2,913,949)			
2024		(2,908,896)			
2025		(582,706)			
	\$	(12,489,734)			

Sensitivity of the net pension liability to assumptions

The following presents the net OPEB liability calculated using the discount rate of 4.32 percent. The schedule also shows what the net OPEB liability would be if it were calculated using a discount rate that is 1 percent lower and 1 percent higher:

		Discount Rate	Current	Discount Rate
		1% Lower	Discount Rate	1% Higher
	_	(3.32%)	(4.32%)	(5.32%)
Net OPEB liability	\$	34,169,335	\$ 29,562,441	\$ 25,789,114

NOTE 7 – OTHER POSTEMPLOYMENT BENEFITS, continued

Sensitivity of the net pension liability to assumptions, continued

The following table presents the net OPEB liability calculated using the heath care cost trend rate of 4.0 percent. The schedule also shows what the net OPEB liability would be if it were calculated using a health care cost trend rate that is 1 percent lower and 1 percent higher:

	Trend Rate	Current	Trend Rate
	1% Lower	Trend Rate	1% Higher
	 (3.00%)	(4.00%)	(5.00%)
Net OPEB liability	\$ 25,179,096	\$ 29,562,441	\$ 35,074,414

NOTE 8 – RISK MANAGEMENT

Property and Liability

The District is exposed to various risk of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District's property and liability coverage is self-insured through the Northern California Community Colleges Self Insurance Authority (NCCCSIA). The District retains the risk up to \$1,000 per occurrence. The NCCCSIA retains the risk up to \$25,000 on property and \$25,000 on liability. Insurance above these levels is ceded to another joint powers authority, Statewide Association of Community Colleges (SWACC) to a level of \$25 million on liability and \$250 million on property. Settled claims have not exceeded this commercial coverage in any of the past three years. There has not been significant reduction in coverage from the prior year.

Workers' Compensation

The District is also a member of the NCCCSIA for its workers' compensation coverage. Workers' compensation coverage is funded to 99% confidence levels with aggregate losses capped at \$150,000,000 through the Protected Insurance Program for Schools (PIPS) JPA.

Dental Insurance Program

The District participates in the dental insurance program, organized by the Schools Self-Insurance of Contra Costa County (SSICCC), which is a joint powers authority created to provide dental self-insurance for school districts.

Participation in Public Entity Risk Pools and JPAs

The District pays annual premiums for its property liability and workers' compensation coverage. The relationship between the District and the JPA is such that it is not a component unit of the District for financial reporting purposes. The JPAs have budgeting and financial reporting requirements independent of member units and their financial statements are not presented in these financial statements; however, transactions between the JPAs and the District are included in these statements. Audited financial statements are available from the respective entities.

NOTE 9 – NET PENSION LIABILITY

Qualified employees are covered under multiple-employer contributory retirement plans maintained by agencies of the State of California. Certificated employees are member of the California State Teachers' Retirement System (CalSTRS), and Classified employees are members of the California Public Employees' Retirement System (CalPERS). The District reported its proportionate share of the net pension liabilities, pension expense, deferred outflow of resources, and deferred inflow of resources for each of the above plans as follows:

			Collective		Collective			
	Co	ollective Net	Deferred Outflows		Deferred Inflows		Collective	
Pension Plan	Per	nsion Liability	of Resources		rces of Resou		Pen	sion Expense
CalSTRS	\$	20,863,987	\$	6,260,842	\$	2,668,395	\$	2,198,900
CalPERS		28,160,372		7,178,095		265,233		6,420,285
Total	\$	49,024,359	\$	13,438,937	\$	2,933,628	\$	8,619,185

Pension Plans – California Public Employees' Retirement System (CalPERS)

General Information about the Pension Plan

Plan Description – Qualified employees are eligible to participate in the School Employer Pool (SEP) under the California Public Employees' Retirement System (CalPERS), a cost-sharing multiple-employer public employee retirement system defined benefit pension plan administered by CalPERS. Benefit provisions are established by State statutes, as legislatively amended, within the Public Employees' Retirement Law.

A full description of the pension plan regarding benefit provisions, assumptions (for funding, but not accounting purposes), and membership information is listed in the June 30, 2013 annual actuarial valuation report, Schools Pool Actuarial Valuation, 2013. This report and CalPERS audited financial information are publicly available reports that can be found on the CalPERS website under Forms and Publications at: https://www.calpers.ca.gov/page/forms-publications.

Benefits Provided – CalPERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of service credit, a benefit factor and the member's final compensation. Members hired on or before December 31, 2012, with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. Members hired on or after January 1, 2013, with five years of total service are eligible to retire at age 52 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after five years of service. The Basic Death Benefit is paid to any member's beneficiary if the member dies while actively employed. An employee's eligible survivor may receive the 1957 Survivor Benefit if the member dies while actively employed, is at least age 50 (or 52 for members hired on or after January 1, 2013), and has at least five years of credited service. The cost of living adjustments for each plan are applied as specified by the Public Employees' Retirement Law.

Pension Plans – California Public Employees' Retirement System (CalPERS), continued

General Information about the Pension Plan, continued

The CalPERS provisions and benefits in effect at June 30, 2020, are summarized as follows:

	School Employer Pool (CalPERS)			
	On or before	On or after		
Hire date	December 31, 2012	January 1, 2013		
Benefit formula	2% at 55	2% at 62		
Benefit vesting schedule	5 years of service	5 years of service		
Benefit payments	Monthly for life	Monthly for life		
Retirement age	55	62		
Monthly benefits as a percentage of eligible compensation	1.1% - 2.5%	1.0% - 2.5%		
Required employee contribution rate	7.000%	6.500%		
Required employer contribution rate	19.72%	19.72%		

Contributions – Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. Total plan contributions are calculated through the CalPERS annual actuarial valuation process. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The District is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. The contributions rates are expressed as percentage of annual payroll. The contribution rates for each plan for the year ended June 30, 2020, are presented above and the total District contributions were \$2,986,632.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to CalPERS

As of June 30, 2020, the District reported net pension liabilities for its proportionate share of the CalPERS net pension liability totaling \$28,160,372. The net pension liability was measured as of June 30, 2019. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating school districts, actuarially determined. The District's proportionate share for the measurement period June 30, 2019 and June 30, 2018, respectively was 0.0966 percent and 0.0944 percent, resulting in a net increase in the proportionate share of 0.0022 percent.

Pension Plans - California Public Employees' Retirement System (CalPERS), continued

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to CalPERS, continued

For the year ended June 30, 2020, the District recognized pension expense of \$6,420,285. At June 30, 2020, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of		Def	erred Inflows of
	F	Resources		Resources
Difference between projected and actual earnings on				
plan investments	\$	-	\$	261,191
Differences between expected and actual experience		2,045,573		-
Changes in assumptions		1,340,522		-
Net changes in proportionate share of net pension liability		805,368		4,042
District contributions subsequent to the measurement date		2,986,632		-
Total	\$	7,178,095	\$	265,233

The deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the subsequent fiscal year. The deferred outflows/(inflows) of resources related to pensions will be recognized as follows:

		Deferred			
	Out	flows/(Inflows)			
Year Ended June 30,	o	f Resources			
2021	\$	2,653,308			
2022		569,562			
2023		452,235			
2024		251,125			
	\$	3,926,230			

Actuarial assumptions. For the measurement period ended June 30, 2019 (the measurement date), the total pension liability was determined by rolling forward the June 30, 2018 total pension liability. The June 30, 2018 and the June 30, 2019 total pension liabilities were based on the following actuarial methods and assumptions:

Valuation date	June 30, 2018
Measurement date	June 30, 2019
Experience study	July 1, 1997, through June 30, 2011
Actuarial cost method	Entry Age Normal
Discount rate	7.15%
Investment rate of return	7.15%
Consumer price inflation	2.50%
Wage growth	Varies by entry age and service

Pension Plans – California Public Employees' Retirement System (CalPERS), continued

Mortality assumptions are based on mortality rates resulting from the most recent CalPERS experience study adopted by the CalPERS Board. For purposes of the post-retirement mortality rates, those revised rates include five years of projected ongoing mortality improvement using Scale AA published by the Society of Actuaries. In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all the funds' asset classes, expected compound returns were calculated over the short-term (first ten years) and the long-term (11-60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent.

The table below reflects long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These geometric rates of return are net of administrative expenses:

Asset Class*	Assumed Asset Allocation	Real Return Years 1 - 10**	Real Return Years 11+***
Global Equity	50%	4.80%	5.98%
Fixed Income	28%	1.00%	2.62%
Inflation Assets	0%	0.77%	1.81%
Private Equity	8%	6.30%	7.23%
Real Assets	13%	3.75%	4.93%
Liquidity	1%	0.00%	-0.92%
	100%		

*In the System's CAFR, Fixed Income is included in Global Debt Securities; Liquidity is included in Short-term Investments; Inflation Assets are included in both Global Equity Securities and Global Debt Securities.

**An expected inflation of 2.0% used for this period

***An expected inflation of 2.92% used for this period

Discount Rate - The discount rate used to measure the total pension liability was 7.15 percent. A projection of the expected benefit payments and contributions was performed to determine if assets would run out. The test revealed the assets would not run out. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability for the Schools Pool. The results of the crossover testing for the Schools Pool are presented in a detailed report that can be obtained at CalPERS' website.

Pension Plans – California Public Employees' Retirement System (CalPERS), continued

Sensitivity of the District's proportionate share of the net pension liability to changes in the discount rate - The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.15 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is in the following table:

	1%	Current		1%
	Decrease	D	Discount Rate	Increase
	 (6.15%)		(7.15%)	(8.15%)
Plan's net pension liability	\$ 40,591,324	\$	28,160,372	\$ 17,848,037

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued CalPERS CAFR at https://www.calpers.ca.gov.

Pension Plans - California State Teachers' Retirement System (CalSTRS)

General Information about the Pension Plan

Plan Description – The District contributes to the State Teachers Retirement Plan (STRP) administered by the California State Teachers' Retirement System (CalSTRS). STRP is a cost-sharing multiple-employer public employee retirement system defined benefit pension plan. Benefit provisions are established by State statutes, as legislatively amended, within the State Teachers' Retirement Law.

A full description of the pension plan regarding benefit provisions, assumptions (for funding, but not accounting purposes), and membership information is listed in the June 30, 2015, annual actuarial valuation report, Defined Benefit Program Actuarial Valuation. This report and CalSTRS audited financial information are publicly available reports that can be found on the CalSTRS website under Publications at: http://www.calstrs.com/member-publications.

Benefits Provided - The STRP provides retirement, disability and survivor benefits to beneficiaries. Benefits are based on members' final compensation, age and years of service credit. Members hired on or before December 31, 2012, with five years of credited service are eligible for the normal retirement benefit at age 60. Members hired on or after January 1, 2013, with five years of credited service are eligible for the normal retirement benefit at age 62. The normal retirement benefit is equal to 2.0 percent of final compensation for each year of credited service.

Pension Plans – California State Teachers' Retirement System (CalSTRS), continued

General Information about the Pension Plan, continued

The STRP is comprised of four programs: Defined Benefit Program, Defined Benefit Supplement Program, Cash Balance Benefit Program and Replacement Benefits Program. The STRP holds assets for the exclusive purpose of providing benefits to members and beneficiaries of these programs. CalSTRS also uses plan assets to defray reasonable expenses of administering the STRP. Although CalSTRS is the administrator of the STRP, the state is the sponsor of the STRP and obligor of the trust. In addition, the state is both an employer and nonemployer contributing entity to the STRP. The District contributes exclusively to the STRP Defined Benefit Program; thus, disclosures are not included for the other plans. The STRP provision and benefits in effect as June 30, 2020 are summarized as follows:

	STRP Defined Benefit Plan		
	On or before	On or after	
Hire date	December 31, 2012	January 1, 2013	
Benefit formula	2% at 60	2% at 62	
Benefit vesting schedule	5 years of service	5 years of service	
Benefit payments	Monthly for life	Monthly for life	
Retirement age	60	62	
Monthly benefits as a percentage of eligible compensation	2.0% - 2.4%	2.0% - 2.4%	
Required employee contribution rate	10.25%	9.205%*	
Required employer contribution rate	18.13%	18.13%	
Required state contribution rate	10.328%	10.328%	
*The vote impressed on CalCTDC 20% at C2 members accuming	na channa in tha namaal	east of bonofite	

*The rate imposed on CalSTRS 2% at 62 members assuming no change in the normal cost of benefits.

Contributions - Required member, District and State of California contributions rates are set by the California Legislature and Governor and detailed in Teachers' Retirement Law. The contributions rates are expressed as a level percentage of payroll using the entry age normal actuarial method. In accordance with AB 1469, employer contributions into the CalSTRS will be increasing to a total of 19.1 percent of applicable member earnings phased over a seven-year period. The contribution rates for each plan for the year ended June 30, 2020, are presented above and the District's total contributions were \$2,509,096.

On-Behalf Payments - The District was the recipient of on-behalf payments made by the State of California to CalSTRS for community college education. These payments consist of state general fund contributions of approximately \$1,587,776 to CalSTRS.

Pension Plans - California State Teachers' Retirement System (CalSTRS), continued

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to CalSTRS

At June 30, 2020, the District reported a liability for its proportionate share of the net pension liability that reflected a reduction for State pension support provided to the District. The amount recognized by the District as its proportionate share of the net pension liability, the related state support and the total portion of the net pension liability that was associated with the District were as follows:

Total net pension liability, including state share:

District's proportionate share of the net pension liability	\$ 20,863,987
State's proportionate share of the net pension liability	
associated with the District	 11,382,789
Total	\$ 32,246,776

The net pension liability was measured as of June 30, 2019. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating school districts and the State, actuarially determined. The District's proportionate share for the measurement period June 30, 2019 and June 30, 2018, respectively, was 0.0231 percent and 0.0230 percent, resulting in a net increase in the proportionate share of 0.0001 percent.

For the year ended June 30, 2020, the District recognized pension expense of \$2,198,900. At June 30, 2020, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferr	ed Outflows of	Defe	erred Inflows of
	F	Resources		Resources
Difference between projected and actual earnings on				
plan investments	\$	-	\$	803,504
Differences between expected and actual experience		52,672		587,527
Changes in assumptions		2,638,540		-
Net changes in proportionate share of net pension liability		1,060,534		1,277,364
District contributions subsequent to the measurement date		2,509,096		-
Total	\$	6,260,842	\$	2,668,395

Pension Plans – California State Teachers' Retirement System (CalSTRS), continued

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to CalSTRS, continued

The deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the subsequent fiscal year. The deferred outflows/(inflows) of resources related to pensions will be recognized as follows:

		Deferred		
	Out	flows/(Inflows)		
Year Ended June 30,	0	f Resources		
2021	\$	51,561		
2022		(318,748)		
2023		775,309		
2024		700,239		
2025		(64,056)		
Thereafter		(60,954)		
	\$	1,083,351		

Actuarial Assumptions

The total pension liability for the STRP was determined by applying update procedures to a financial reporting actuarial valuation as of June 30, 2018, and rolling forward the total pension liability to June 30, 2019. The financial reporting actuarial valuation as of June 30, 2018, used the following actuarial methods and assumptions, applied to all prior periods included in the measurement:

Valuation date	June 30, 2018
Measurement date	June 30, 2019
Experience study	July 1, 2010, through June 30, 2015
Actuarial cost method	Entry Age Normal
Discount rate	7.10%
Investment rate of return	7.10%
Consumer price inflation	2.75%
Wage growth	3.50%

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. The best estimate ranges were developed using capital market assumptions from CalSTRS general investment consultant. Based on the model for CalSTRS consulting actuary's investment practice, a best estimate range was determined by assuming the portfolio is re-balanced annually and that the annual returns are lognormally distributed and independent from year to year to develop expected percentiles for the long-term distribution of annualized returns.

Pension Plans – California State Teachers' Retirement System (CalSTRS), continued

The assumed asset allocation is based on Teachers' Retirement Board of the California State Teachers Retirement System (board) policy for target asset allocation in effect on February 2, 2012, the date the current experience study was approved by the board. Best estimates of 20-year geometric real rates of return and the assumed asset allocation for each major asset class used as input to develop the actuarial investment rate of return are summarized in the following table:

	Assumed Asset	Long-term Expected
Asset Class	Allocation	Real Rate of Return*
Global Equity	47%	6.30%
Fixed Income	12%	0.30%
Real Estate	13%	5.20%
Private Equity	13%	9.30%
Cash/Liquidity	2%	-1.00%
Risk Mitigating Strategies	9%	2.90%
Inflation Sensitive	4%	3.80%
	100%	

*20-year geometric average

Discount rate - The discount rate used to measure the total pension liability was 7.10 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and employers will be made at statutory contribution rates in accordance with the rate increase per Assembly Bill 1469. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return (7.60 percent) and assuming that contributions, benefit payments, and administrative expense occur midyear. Based on those assumptions, the STRP's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term assumed investment rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the District's proportionate share of the net pension liability to changes in the discount rate -

The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.10% percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.10%) or 1-percentage-point higher (8.10%) than the current rate:

	1%	Current		1%
	Decrease	D	iscount Rate	Increase
	 (6.10%)		(7.10%)	(8.10%)
Plan's net pension liability	\$ 31,068,203	\$	20,863,987	\$ 12,402,748

Pension plan fiduciary net position - Detailed information about the pension plan's fiduciary net position is available in the separately issued CalSTRS CAFR at http://www.calstrs.com/comprehensive-annual-financial-report.

NOTE 10 – COMMITMENTS AND CONTINGENCIES

Operating Leases

The District entered into various operating leases for land, buildings, and equipment. All leases contain termination clauses providing for cancellation upon written notice to lessors. It is expected that in the normal course of business most of these leases will be replaced by similar leases.

Construction Commitments

The District had no significant construction commitments at June 30, 2020.

NOTE 11 – RELATED PARTY TRANSACTIONS

As described in Note 1, the Foundation is a supporting organization of the District and the College; therefore, transactions between the Foundation and the District, District personnel, students at the College, and programs of the College, are expected. Per the Foundation's Bylaws, the College President is responsible for Foundation operations and serves in an ex-officio capacity on the Foundation's Board.

During the year ended June 30, 2020, the Foundation indirectly supported the District by providing grants to students of the College, paying programmatic expenditures, and/or reimbursing District personnel and departments for programmatic costs.

The Foundation was further supported by the involvement of College and District personnel in the Foundation's events and programs. The total amount of these contributions has not been segregated from the non-District affiliated contributions.

NOTE 12 – PRIOR PERIOD ADJUSTMENT

The beginning net position increased by \$1,026,310. This was due to the elimination of various accrued liabilities related to health and welfare benefits in prior years in excess of the cost of the benefits.

NOTE 13 – SUBSEQUENT EVENTS

The District evaluated subsequent events from June 30, 2020 through August 31, 2021, the date the financial statements were issued. No items requiring disclosure were noted.

SUPPLEMENTARY INFORMATION

NAPA VALLEY COMMUNITY COLLEGE DISTRICT DISTRICT ORGANIZATIONAL STRUCTURE JUNE 30, 2020

The Napa Valley Community College District (the District) was founded in 1942 as a political subdivision of the State of California. The college was established to provide higher education in the greater Napa area under the laws of the State of California. Napa Valley College is fully accredited by the Accrediting Commission for Community and Junior Colleges of the Western Association of Schools and Colleges. The District operates under a locally elected sevenmember Board form of government. There have been no changes in the District's boundaries during the year.

NOTE 1 – PURPOSE OF SCHEDULES

A. District Organizational Structure

This schedule provides information about the District's boundaries and schools operated, members of the governing board, and members of the administration.

B. Schedule of Expenditures of Federal Awards

The accompanying Schedule of Expenditures of Federal Awards includes the Federal grant activity of the District and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements. The District has not elected to use the ten percent de minimis cost rate as covered in Section 200.414 Indirect (F&A) costs of the Uniform Guidance.

C. Schedule of Revenues and Expenditures of State Awards

The accompanying schedule of expenditures of State Awards includes the state grant activity of the District and is presented on the modified accrual basis of accounting. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of the financial statements.

D. Schedule of Workload Measures for State General Apportionment – Annual/Actual Attendance

Full-Time Equivalent Students (FTES) is a measurement of the number of pupils attending classes of the District. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments of state funds are made to community college districts. This schedule provides information regarding the attendance of students throughout the District.

E. Reconciliation of Annual Financial and Budget Report (CCFS-311) with Fund Financial Statements

This schedule provides the information necessary to reconcile the fund balance of all funds reported on the Form CCFS-311 to the fund financial statements.

F. Reconciliation of the ECS 84632 (50 Percent Law) Calculation

This schedule reports any audit adjustments made to the reported data to ensure that a minimum of 50 percent of the District's current expense of education is expended for salaries of classroom instructors.

NOTE 1 – PURPOSE OF SCHEDULES, continued

G. Details of the Education Protection Account

This schedule reports the District revenue and expenditure classification of the Proposition 30 Education Protection Account funds.

H. Reconciliation of Governmental Funds to the Statement of Net Position

This schedule provides the information necessary to reconcile the governmental fund balances to the audited financial statements.

OTHER INDEPENDENT AUDITORS' REPORTS

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Board of Trustees Napa Valley Community College District Napa, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Napa Valley Community College District, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Napa Valley Community College District's basic financial statements, and have issued our report thereon dated August 5, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Napa Valley Community College District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Napa Valley Community College District's internal control. Accordingly, we do not express an opinion on the effectiveness of the Napa Valley Community College District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. Control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

We did identify certain deficiencies in internal control, described in the accompanying Schedule of Audit Findings and Questioned Costs that we consider to be material weakness (See finding #2020-001).

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Napa Valley Community College District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Napa Valley Community College District's Response to Findings

Napa Valley Community College District's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. Napa Valley Community College District's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM; AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

The Board of Trustees Napa Valley Community College District Napa, California

Report on Compliance for Each Major Federal Program

We have audited Napa Valley Community College District's compliance with the types of compliance requirements described in U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could have a direct and material effect on each of Napa Valley Community College District's major federal programs for the year ended June 30, 2020. Napa Valley Community College District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Napa Valley Community College District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Napa Valley Community College District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Napa Valley Community College District's compliance.

Opinion on Each Major Federal Program

In our opinion, Napa Valley Community College District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2020.

Report on Internal Control Over Compliance

Management of Napa Valley Community College District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Napa Valley Community College District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Napa Valley Community College District's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

WOL, Certifiel Public Accontents

San Diego, California August 31, 2021

INDEPENDENT AUDITORS' REPORT ON STATE COMPLIANCE

The Board of Trustees Napa Valley Community College District Napa, California

Report on State Compliance

We have audited Napa Valley Community College District's compliance with the types of compliance requirements described in the *California Community Colleges Contracted District Audit Manual (CDAM) 2019-20*, issued by the California Community Colleges Chancellor's Office for the year ended June 30, 2020.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on Napa Valley Community College District's compliance with the requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *California Community Colleges Contracted District Audit Manual (CDAM) 2019-20*, issued by the California Community Colleges Chancellor's Office. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on the state programs noted below. An audit includes examining, on a test basis, evidence about Napa Valley Community College District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance with the requirements referred to above. However, our audit does not provide a legal determination of Napa Valley Community College District's compliance with those requirements.

Opinion

In our opinion, the District complied, in all material respects, with the compliance requirements referred to above that are applicable to the programs noted below that were audited for the year ended June 30, 2020.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance, which are required to be reported in accordance with the *California Community Colleges Contracted District Audit Manual (CDAM) 2019-20,* and which are described in the accompanying schedule of findings and questioned costs as item Findings #2020-002 through #2020-005. Our opinion is not modified with respect to these matters.

Procedures Performed

In connection with the audit referred to above, we selected and tested transactions and records to determine Napa Valley Community College District's compliance with the state laws and regulations applicable to the following items:

- Section 411 SCFF Data Management Control Environment
- Section 421 Salaries of Classroom Instructors (50 Percent Law)
- Section 423 Apportionment for Activities Funded from Other Sources
- Section 424 Student Centered Funding Formula Base Allocation: FTES
- Section 425 Residency Determination for Credit Courses
- Section 426 Students Actively Enrolled
- Section 427 Dual Enrollment (CCAP and Non-CCAP)
- Section 430 Scheduled Maintenance Program
- Section 431 Gann Limit Calculation
- Section 435 Open Enrollment
- Section 439 Proposition 39 Clean Energy Fund
- Section 444 Apprenticeship Related and Supplemental Instruction (RSI) Funds
- Section 475 Disabled Student Programs and Services (DSPS)
- Section 479 To Be Arranged Hours (TBA)
- Section 490 Proposition 1D and 51 State Bond Funded Projects
- Section 491 Education Protection Account Funds

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing over state laws and regulations based on the requirements described in the *California Community Colleges Contracted District Audit Manual (CDAM) 2019-20.* Accordingly, this report is not suitable for any other purpose.

Section II – Financial Statement Findings

This section identifies the significant deficiencies, material weaknesses, and instances of noncompliance related to the financial statements that are required to be reported in accordance with *Government Auditing Standards*.

FINDING #2020-001 - OVERALL CLOSING PROCESS (MATERIAL WEAKNESS)

Criteria or Specific Requirement

Best practices require a timely review and reconciliation of all account balances to reflect proper activity at year end in accordance with Generally Accepted Accounting Principles (GAAP).

Condition

Material Weakness – The District was not properly closed and able to generate a trial balance for its 2019-20 financials until July 17, 2021.

Questioned Costs

No questioned costs were associated with this finding.

Context

The financial records of the District for the 2019-20 fiscal year.

Effect

Substantive audit procedures and the finalization of the 2019-20 audit report could not take place until subsequent to July 17, 2021. Potential errors in reporting account balances and risk that material errors may not be prevented.

Cause

Turnover of key staff.

Recommendation

The District should examine and update its closing process to ensure timely financial reporting and revise its 311 to include all necessary adjustments.

Corrective Action Plan

On August 15, 2021, the District hired a retired chief business officer who has 25+ years of experience in business and finance in the California Community College System. One of his immediate tasks was the finalizing of closing entire to finish the 2019-20 audit, which is now completed. His near-term goal is the timely completion of year-end procedures and closing entries for fiscal 2020-21, and the timely submission of all financial reports as required by the State Chancellor's Office. During this work, to close the books for 2020-21, the District will review, and amend, its processes to ensure a timely closing of the books in order to ensure adequate time to meet all fiscal reporting deadlines.

Section III – Federal Award Findings and Questioned Costs

This section identifies the audit findings required to be reported by the Uniform Guidance (e.g., deficiencies, significant deficiencies, material weaknesses, and instances of noncompliance, including questioned costs).

There were no federal award findings or questioned costs identified during 2019-20.

Section IV – State Award Findings and Questioned Costs

This section identifies the audit findings pertaining to noncompliance with state program rules and regulations.

FINDING #2020-002 – SCFF DATA MANAGEMENT CONTROL ENVIRONMENT (CDAM SECTION 411)

Criteria or Specific Requirement

California Code of Regulations, title 5, section 58311, Principles for Sound Fiscal Management requires that Districts document and implement policies and procedures over SCFF data management.

Condition

The District did not have documentation of its policies and procedures with regard to SCFF data management.

Questioned Costs

No questioned costs were associated with this finding.

Context

SCFF data management policies and procedures relevant to the 2019-20 fiscal year.

Effect

Noncompliance with CCR, title 5, section 58311, Principles for Sound Fiscal Management.

Cause

Unknown.

Recommendation

The District should ensure that its policies and procedures with respect to SCFF data management are properly documented.

Corrective Action Plan

As the District is a "Community Supported" district, it should be noted that this finding is a report-compliance issue, and not one that significantly affects the District's Unrestricted General revenue. That said, it is incumbent upon the District to report its SCFF data to the State Chancellor's on a timely and accurate basis. In addition to the recent hire of a new CBO, the District has also hired a Vice President of IT who is veteran of the Community College System and has experience with this type of reporting. It will be one of his goals to ensure that the District meets this report-compliance obligation.

FINDING #2020-003 – RESIDENCY DETERMINATION FOR CREDIT COURSES (CDAM SECTION 425)

Criteria or Specific Requirement

Education Code Section 66770 delineates resident versus non-resident students for the purposes of claiming FTES attendance for State support of credit classes.

Condition

In our testing of 25 students enrolled in credit classes during 2019-20, we noted five (5) students who were indicated as non-resident students on the 320 submitted to the Chancellor's Office, despite being properly documented residents.

Questioned Costs

No questioned costs were associated with this finding as the District is currently in the process of claiming the underclaimed resident students via the 2019-20 ReCal report.

Context

Student residency status reported by the District during 2019-20.

Effect

Noncompliance with EC Section 66770. The District must revise applicable Residency misclassifications on the 2019-20 ReCal report.

Cause

Clerical, resulting from the manual process in place during 2019-20, requiring District staff to manually backdate the residency status of students which were initially miscoded due to the timing of the import of their application.

Recommendation

The District should ensure that residency status for all students are properly reported.

Corrective Action Plan

After the District became aware of the issue, and discovered the root cause, in June 2021, corrective actions were made to the District's student system to prevent this error in the future. The District did alert the State Chancellor's Office to the error and sent corrected CCFS-320 reports.

FINDING #2020-004 – APPRENTICESHIP (CDAM SECTION 444)

Criteria or Specific Requirement

Education Code Section 8150.5 requires that attendance of apprentices enrolled in any class maintained by a local educational agency, pursuant to Section 3074 of the Labor Code, shall be reimbursed pursuant to Section 8152 only if reported separately to the Chancellor of the California Community Colleges.

Condition

The District did not report apprenticeship attendance separately on the 321 report.

Questioned Costs

No questioned costs were associated with this finding as the District is already in the process of resubmitting the apprenticeship attendance via the 2019-20 ReCal report.

Context

Apprenticeship hours reported by the District during 2019-20.

Effect

Noncompliance with EC Section 8150.5. The District's claim for apprenticeship hours must be resubmitted on the 321 report.

Cause

Unknown.

Recommendation

The District should ensure that apprenticeship hours are properly reported on the correct Chancellor's Office form.

Corrective Action Plan

Although there is confusion as to how and why this error was committed, the District has sent the State Chancellor's Office corrected/amended CCFS-320 and CCFS-321 reports for 2019-20.

As the College is a "Community Supported" district, there is no financial advantage to include apprenticeship attendance in the District's CCFS-320 enrollment reports. This has been made clear to the Admissions and Records Office personnel, who are responsible for the submission of the District's attendance reporting, and a repeat of this error is not anticipated

FINDING #2020-005 – STATE COMPLIANCE (ANNUAL CCFS-311 REPORTING)

Criteria

The California Community Colleges Chancellor's Office requires that each community college district report the financial activity of the General Fund on a quarterly basis via the CCFS-311Q report and the districts' total revenues and expenditures for the fiscal year via the CCFS-311 by October 10 of each year. This report is also required to include the adopted budget for the subsequent fiscal year.

Condition

In our testing of the District annual CCFS-311 for the fiscal year 2019-20, we noted that the certification and filing did not occur by November 30, 2020.

Questioned Costs

No questioned costs noted.

Effect

Noncompliance with submission requirements for the annual CCFS-311.

Cause

The annual CCFS-311 report was certified to the State Chancellor's Office after November 30, 2020.

Recommendation

We recommend that in accordance with the instructions of the State Chancellor's Office for the Annual Financial and Budget Report requirements, the annual activity of all funds of the District be made available to the public on or before September 30 of each year and be submitted to the Chancellor's Office no later than November 30th of each year.

Corrective Action Plan

As previously stated in the Corrective Action Plan for finding #2020-01, the District has a new chief business officer with over 25 years' experience in business and finance in the California Community College System. One of his immediate tasks was the finalizing of closing entire to finish the 2019-20 audit, which is now completed. His near-term goal is the timely completion of year-end procedures and closing entries for fiscal 2020-21, and the timely submission of all financial reports as required by the State Chancellor's Office. This includes the submission of the CCFS-311 report. During this work, to close the books for 2020-21, the District will review, and amend, its processes to ensure a timely closing of the books in order to ensure adequate time to meet all fiscal reporting deadlines.

There were no findings or questions costs identified during 2018-19.
