

Connecting to Our Campus Wi-Fi (After the Upgrade)

Greetings Campus Community, we hope you are well and had a lovely summer. A Wi-Fi Upgrade project has been underway on campus, and we need some testers to help us make sure there is coverage for students across campus. Due to security mechanisms in place, we are unable to create test student account and IT needs feedback from all students to confirm everything is as it should be for Campus-Wide-Wi-fi. If you have some time and are willing and able, please go to different areas on campus (1300, 1700, 800, 100, 400, 1600, 1800, 2000, and parking lots)

Please share your feedback with Sheree Marcos by emailing smarcos@napavalley.edu and the feedback will get back to our team.

1. Choose **NVC Student**.

2. Under **Identity**, enter your NVC student email address. Under **Password**, enter your NVC student email password.

The screenshot shows a mobile app interface for 'NVC Student'. At the top, the status bar displays the time 10:42, signal strength, and 95% battery. Below the title bar, the 'Identity' field contains the email address 'j.smith12345@student.napavalley.edu'. The 'Password' field is masked with dots. A 'Select certificate' dropdown menu is open, showing options: 'Use system certificates', 'Trust on first use (TOFU)', and 'Don't validate'. The 'Connect' button is at the bottom. Red arrows point to the 'Identity' and 'Password' fields.
