

Cost of Attendance

A standard student budget is constructed for all financial aid recipients (within Federal, State, and regional guidelines), which includes the average estimated costs for attending Napa Valley College. Average costs for various components in the budgets are developed by the Financial Aid Office in accordance with the information provided by the California Student Aid Commission Student Expense Budgets and the California Community Colleges Standard Budget Ranges for the 2023-2024 academic year. The estimated expenses listed are intended to give you a general idea about the cost of attendance as a full-time student for a 9 month (fall/spring) budget.

Cost of Attendance 2023-2024

Budget Components	Living With Parents With No Dependents	Off Campus	Non-Residents Living Away from Parents
