The Scheduling Office uses the following guidelines to schedule in-person and online synchronous classes:

- Every effort is made to schedule final exams as close as possible to the regular class meeting day and time. However, in some cases, exams may be scheduled on significantly different days and/or times.
- Evening classes will adhere to the evening blocks for final exams.
- Saturday classes will hold their final at their regularly scheduled class meeting time.
- Classes that have a lab component will hold their final exam based on the time of the **lecture class**. Lab classes may elect to hold a lab final the week before finals week.
- If a class meets offsite (high school or off-campus location). These classes will hold their final exam on the last meeting day of the class during regular class time.

Asynchronous online classes may schedule their finals to be completed at any time during final exam week.
