Welcome To

NAPA VALLEY COLLEGE

The Transfer Center at Napa Valley College is committed to providing information on transfer opportunities to all our students. We have created a Transfer Advisory Committee to improve our center and services. The advisory committee's role is to make recommendations and provide direction for the planning and implementation of the new and ongoing operations of the Transfer Center. We aim to develop strategies for strengthening the transfer function and increasing the number of transfer students, especially among underrepresented student groups.

Advocacy Group

ADVOCATES AND CHAMPIONS FOR TRANSFER STUDENTS

Who can join?

This transfer initiative is open to all Napa Valley College Administrators, Classified Professionals and Faculty.

What is it all about?

We are creating a network of transfer advocates that are willing to promote transfer by participating in transfer events and/or sharing their own college experiences with students.

Benefits!

Each member will be added to a directory, receive a certificate and will be kept in the know for all transfer related activities. Most importantly, you will be empowering and inspiring students to reach their goals through sharing your journey.

TRANSFER

Become a part of our Advocates and Champions for Transfer Students group! Our mission is to bring together Classified Professionals, Faculty, and Administrators who are former transfer students or passionate supporters of the transfer journey.

As a member, you will receive a certificate recognizing your commitment alongside the latest insights and updates about transfer opportunities.

Together, we aspire to cultivate a vibrant Transfer Community and build a comprehensive directory of former Community College transfers and dedicated transfer advocates.
